

AN APOLOGY

At the start of the evening I had an equipment malfunction.

1. Near new \$7000 camera and lens
2. Performed flawlessly at another Leavers Dinner a few days before.
3. Produced a perfect test shot on the night (see photo #1)
4. Began malfunctioning only when the presentation started
5. My back-up camera was on the other side of the room

Consequently there are about 20 students who did not get individual photographs taken as they stepped off the stage. For this I apologise. Group photographs were not affected

If any of those students wish, I am happy to photograph them free of charge at my studio and allow them to purchase prints from that session at the same price as the Leavers Dinner Photographs. This offer must be taken up before 31st March 2009.

To arrange this you can phone me (09) 44 66 055 or email me from the contact page elsewhere on this site.
